"Wait" Weight!

It is quite a comparison. The first word is quite commonly used by folks who say they will let their eyes wait, when they should be attended to at once.

WEIGHT is the heavy load your poor eyes have to carry, when they need something

OLD SETTLERS.

The Old Settlers Association incorporated. Land Purchased.

The Old Settlers Association through its officers have been at work, and much has been accomplished which is now made known to the public.

A meeting of the Incorporation Committee recently held, brought about the legal incorporation of the association. Papers were prepared, presented to the Circuit Court and a decree secured from Judge Barnett.

The 29 acres of land upon which the Reunion has been held for years has been purchased for the Association, the deed made and placed in escrow. The committee have planned to raise the balance needed on purchase price by popular favor. Some plan yet to be arranged will be adopted to reward contributors in the way of a memoir. The vice-presidents of the several townships will look after this matter.

A meeting has been called for Monday, May 29th of the Directors, and all friends of the Association to meet on the grounds and discuss and plan for the coming reunion as well as permanent improvements.

The Association is now on a business basis, permanently located and a home of its own. Join hands, be at the meeting Monday, the 29th, and let us have the best social and good moral association on earth.—New Florence Leader.

ONE THOUSAND GALLONS OF ICE CREAM delivered Thursday to one party in St. Louis to be used at one of the high social functions, and it was St. Louis Dairy cream too. The City Drug Store keep the same. "Best by every test," and its pure too. It is good enough for you.

Prof. W. I. Woodson, who has been principal of Troy public school the past six years, has resigned that position, to which he was recently re-elected. He had not made application for the place, but was re-elected because of the universal satisfaction which he has given and because the board has been so well pleased with his work. It is useless for us to say that we regret to see Mr. Woodson leave Troy. He is a fine educator, full of enthusiasm and possessed of rare tact and the ability to manage and direct affairs. His resignation is a great loss to the school interests of our town. He will be greatly missed in the affairs of our community, where he was universally held in high esteem. Our best wishes follow him and his excellent wife.—Troy Free Press.

Cleanse your system of all impurities this month. Now is the time to take Hollister's Rocky Mountain Tea. It will keep you well all summer. 35 cents, Tea or Tablets. Ask your druggist.

Deputy U. S. Marshal, Louie Wild, brought William Mooney before Commissioner L. A. Thompson, Wednesday night, for preliminary examination. Defendant is a young man of good appearance, but is charged with unlawfully, willfully and maliciously injuring a mail box on route number one out of New Haven, Franklin county. He denied the charge, waived preliminary examination, and was committed to the St. Louis City jail, in default of bail in the sum of \$300, to appear before the U. S. district court. It seems that another man named Joseph Helberg, is in jail for the same offense and gave a pointer that caused Mooney to be called up.

The following young ladies have entered in the contest this week for the gold watches to be distributed by the TRIBUNE in the six different townships in the county:

Merry Matrons.

One of the most delightful social events was the meeting of the Merry Matrons at the pretty suburban home of Mrs. J. J. Taylor on Saturday afternoon May 20.

The weather was all that could have been wished or desired for a May social and after a pleasant drive we were cordially welcomed by our charming hostess assisted by Mrs. D. O. Hudson; in their most pleasing style we were made to feel the cordial hospitality of this home. After a few moments conversation Mrs. Taylor announced that congratulations were in order as this was the ninth anniversary of their wedding. All were much surprised and best wishes flowed copiously.

A guessing "Flower Contest" afforded great fun and was followed by "Merry Music" furnished by Mesdames Sharp, Hayden and Taylor. Each was required to take some part and perform the duty the company willed. Mrs. Jacks and Mrs. Hudson proved themselves most proficient along this line.

The most brilliant in the contest, Mesdames Dameron and White, were awarded the honor of leading this company into the dining room. After being told we would find our place cards, which were very unique and caused much merriment, we were served to the most delicious luncheon, proving to us that our hostess was a woman of many qualifications.

On passing into the parlor a guessing "Cake Contest" was introduced but the lateness of the hour caused us to turn our faces homeward, wishing in the language of the flower that our hostess might "live forever" and that we might soon be allowed the privilege of spending another pleasant afternoon in her home.

Those present were: Mesdames Sam Sharp, F. M. Hayden, L. C. Gove, G. E. Muns, Geo. Ferguson, J. W. Jacks, D. O. Hudson, John Evered, K. G. White, Jas. Webb, G. E. Dameron, — Parker, Chas. Church, Wm. Reynolds, Mary Jordan, Alice McCannoe. X
